

Nanni Diesel: Power, Performance, Efficiency

AXIS 24 Nanni T4.270 Refit

- Nanni T4.270 replaces a gas PCM ZR409 (6 liters V8, 409 hp @ 5600 rpm)
- Nanni engine is 2.98 liters, 270 hp @ 3600 rpm
- Prop is 17 x 16 inches
- Gearbox ZF48IV, ratio 1.5

Benefits

- Improved acceleration
- Increased torque
- Planes with ease with full ballast/weight and load, even at elevation
- 30-50% improved fuel efficiency
- 5X longer service intervals than with a gas engine
- Longer engine life cycle
- Safer, with no gas onboard
- Top speed 36mph (loaded)
